received in town yesterday of the  
shooting of Mrs. Coleman, wife of the  
post trader at White river by an In-  
dian. No details of the affair were  
given, the condition of Mrs. Coleman  
or the circumstances attending the  
shooting.**THE COUNTY'S SHARE.**—The  
county's share of the proceeds of the  
Barnum & Bailey show was \$200 so  
that the receipts of the show must have  
been about \$4,000 for the two per-  
formances, exclusive of the receipts for  
concessions, which the county has  
no look-in. The afternoon attendance,  
the management said, was the heaviest

Seip has just bought the Casino cigar  
stand and at once he will begin mov-  
ing his stock and fixtures to the new

since there is only a wall between his  
present quarters and those he will  
occupy.**SLIGHT BLAZE.**—The fire depart-  
ment was called out at eight o'clock  
last evening in response to an alarm  
from Box 48. A small Mexican shack  
on East Madison street, between  
Fourth and Fifth streets furnished

sary to the police station for the next  
few days can be gained only by  
means of the front entrance to the  
city hall building. Workmen yester-  
day tore away the old wooden steps  
at the side entrance to the building  
and will today begin the work of  
building substantial concrete steps. It  
will be a decided improvement and  
one which probably will result in new  
steps at the front entrance in the near  
future.**ASSISTANCE FOR ENGINEER.**—  
City Engineer Holmquist announced  
the appointment of two additional en-  
gineers in the paving department of  
the city work. Yesterday morning he ap-  
pointed George Wood, who has had a

department in Kansas City, and William  
Robinson, who comes highly recom-  
mended for that kind of work from  
Boise, Idaho. The work in the paving  
department of the city engineer is in-  
creasing every day.**RETURNED FROM THE NORTH.**—  
William Bowman returned yesterday  
from his former home at Spearfish,  
S. D., whither he was called on a sad  
errand. Mrs. Bowman who was well  
advanced in years and a daughter,

there was very unfavorable and Mrs.  
Bowman contracted a cold which

she died. On learning of her illness,  
Mr. Bowman left for her bedside.**A BLOODED HORSE.**—Harry Fried-

retary of State Osborn, who under the  
new automobile law has entire charge  
of the licensing of the automobiles  
throughout the state, is being swamped  
with applications for the licenses and  
tags. Already he has received more  
than 1,000 of these and now has his  
force busy filling the applications in  
with the proper name. The law went  
into effect but a few days ago and the  
automobilists of the state have thirty  
days in which to comply with its  
provisions, but nevertheless, with com-  
mendable Arizona zeal, letters contain-

in from all parts of the state.**BLAKE IS IMPROVING.**—C. P.  
Blake, who has been confined to his  
home since September 1 as a result of  
a hunting accident, expects to be able  
to make his first trip downtown to-  
day. Blake in company with Leo  
Troutman had gone duck hunting  
several miles down the river. Some  
of the shells they were using had be-  
come damp and when Troutman tried  
to discharge one the cartridge failed  
to explode. Troutman then placed the  
gun containing the damaged shell in a  
buggy occupied by Blake and took  
another one. The shell in the dis-  
carded gun had hung fire and a min-  
ute after being placed in the buggy  
was discharged. Blake had his left  
arm extended across the buggy and  
near the muzzle of the gun. The  
charge went through his wrist, in-  
flicting injuries which it was at first  
thought would result in the loss of  
the hand. His physician, however,  
has been able to save the member and  
it is even thought that he will not  
be seriously crippled.**H. B. KOHL LEAVES.**—Santa Fe
